

## **Stop Barnet Conservative Councillors' self awarded huge pay increase!**

We the undersigned are disgusted at the decision of Barnet Council's Conservative Leadership to award themselves pay rises of up to 100% .

We demand the Council immediately rescinds this decision and freezes Councillors' pay in line with the policy they are imposing on their own work force.

We call for a full apology from the Councillors who voted for it and the resignation of the Leader of the Council who must take responsibility for this appalling misjudgement.
